ADETOLA TEMITOPE SAMUEL

Junior Data Analyst | Lagos, Nigeria

temitopeadetola48@gmail.com | linkedin.com/in/samuel-adetola-temitope-9a094b239 | adetolasam.github.io

Professional Summary

Junior Data Analyst with approximately one year of hands-on experience in data cleaning, validation, analysis and reporting. Skilled in Excel, Google Sheets, SQL (PostgreSQL) and Power BI, with experience preparing raw datasets, querying related tables, and building dashboards that track key performance indicators. Committed to turning complex datasets into accurate, decision-ready insights through rigorous data preparation, sound analysis and clear visual reporting. Detail-oriented and focused on data accuracy, with the ability to explain insights in plain language to both technical and non-technical audiences.

Skills

Tools: Advanced Excel, Advanced Google Sheets, SQL, Power BI

Professional Skills: Data cleaning and validation, data entry, data analysis, database management, data visualization, dashboard development, KPI and trend analysis, business reporting, pivot tables, analytical thinking, problem solving, attention to detail, data storytelling, clear communication

Languages: English, Yoruba

Experience

Intern Data Analyst, Techbridge

- Gained hands-on data analysis experience on real business datasets, taking raw records through cleaning, analysis and reporting to clear findings and recommendations.
- Cleaned and merged three datasets (customers, products and transactions) using VLOOKUP, and flagged records with missing matches so they did not distort totals.
- Wrote PostgreSQL queries using joins, GROUP BY, SUM and AVG to measure revenue by product, category, customer, city and customer type.
- Used Power BI to tell clear data stories, turning sales data into dashboards that make insights easy to understand.

Intern Data Analyst, DecodeLabs

- Applied Excel, Google Sheets and Power BI to clean and analyze real datasets.
- Cleaned and standardized messy data in Google Sheets, fixing inconsistent text casing, duplicate records, phone number formats and mixed date formats.
- Used Excel and Google Sheets formulas to summarize data and answer business questions.
- Built Power BI dashboards to show key numbers and trends in a clear, easy-to-read way.
- Wrote plain-language summaries of findings for readers without a technical background.

Certifications

- **Data Analyst Internship Certificate**, DecodeLabs
- **Data Analyst Internship Certificate**, Techbridge Services

Education

B.A. English and French, University of Ibadan
